Comments or questions (8,192 characters max):	<p>We are strongly urging you to deny the application for Forever Never Lands's temporary event license for Sept 13 and 14 in Avila Beach. Having 3,000 attendees is excessive but to have up to 10,000 or more is insane. The target market of 21 to 30 year olds guarantees an unsafe environment due to immature drinking and driving, vandalism and many unforeseen problems for the nearby communities as well as the roadways within our whole county. If Forever Never Land's license is allowed for over 3,000 tickets you will be setting a precedent for future unsafe activities in our county. Safety must be given priority over businesses making money from these events. We see no way that taxpayers should shoulder the cost of additional police, highway patrol, fire and other services that this type of event will require.</p>

Comments or questions (8,192 characters max):	<p>Dear Supervisors, My name is Andrea Bradford and I am a 10-year resident of District 3 and have been a small business owner in Avila Beach for almost 7 years. I am unable to attend the BOS meeting on June 3, but wanted to express my support for the Forever Never Land event scheduled for Avila Beach this September. I attended the May 29 presentation by Ms. Valerie Wang. I was, quite frankly, appalled by the rampant NIMBY-ism exhibited during that meeting. A small, vocal group of Avila Beach residents who have purchased homes in Avila and surrounding areas want to "shut the gates" behind them and prohibit any kind of progress in the community. I agree that Avila is a very special place. I think it is a place that should be shared and allowed to bring joy to all visitors. While I doubt my business will benefit from the Forever Never Land on September 13th or 14th, I strongly believe that this event will create exposure for Avila Beach and generate new repeat visitors to support our local businesses. I believe that Ms. Wang and the Forever Never Land team have chosen the perfect date for the event. I believe in</p>

her commitment to the mitigations that will be put in place to minimize the impact of the event on our community. Further, I have absolute confidence that our public works, sheriff, highway patrol and CAL Fire will ensure that the event is safe. I was very impressed by Ms. Wang's presentation and her respectful way of dealing with a clearly rancorous crowd. I believe Ms. Wang's team will exhibit that same respect when dealing with our community and way of life. Please vote to approve the Forever Never Land temporary commercial outdoor entertainment license, Item 30 on the June 3, 2014 Board of Supervisors Meeting Agenda. Respectfully, Andrea Bradford Owner Morovino Winery

Comments or questions (8,192 characters max):	<p>Dear County Board of Supervisors, I am contacting you in regards to the Forever Neverland event that is being proposed in Avila Beach in September. I have strong concerns about this type of event coming into this beautiful, quaint and unique community. The traffic congestion in Avila Beach and the surrounding areas, the potential for unsafe drivers do to drinking, and damage done to local beaches due to this event are all reasons to not allow this event to occur. Please deny the application for a temporary commercial outdoor entertainment license for this event. This event does not represent or compliment the town and community of Avila Beach and its demographic. Regards, Rene' Walker</p>

Comments or questions (8,192 characters max):	<p>I am writing to respectfully request that you deny the application for the Forever Neverland Festival based on the fact that the county does not have the infrastructure to support such an event. I am concerned on many levels about the negative impacts this event could have on the safety of local residents and visitors alike. The most compelling issue is access and egress to Avila Beach. The increased volume of car trips does not only impact the residents of Avila Beach, but also those in surrounding areas. The intersection of Avila Beach Drive and Shell Beach Road is already a hazardous one and adding up to 10,000 festival-goers to this area will create gridlock and dangerous situations for the duration of the event. The use of shuttle buses will only modestly mitigate this problem, as visitors tend to 'give parking a try' before heading back to the shuttles. This size of an event will put the safety of everyone in the area at great risk. During special events and on most beach days, Shell Beach Road is backed up to the Palisades and drivers make dangerous choices out of frustration and/or lack of understanding of this already confusing intersection. The stretch of Shell Beach Road from Avila Beach Drive is the only frontage road for this section of 101 and should be kept moving for safety. In reading the about the event organizer's target audience for</p>

this event, it appears she is marketing it to young adults as a 'last hurrah' of summer. While I do not begrudge the idea of celebrating the last part of summer, it is highly likely that bringing thousands of young adults together with the theme of never growing up will likely lead to overuse of alcohol and the negative behavior that ensues. Please consider the results of this kind of gathering, though unofficial, Deltopia in Isla Vista, which this year resulted in riots and injury to persons and property. I sincerely hope you will consider the negative impacts of an event of this size on our county. The bottom line is that the infrastructure to support this event in a safe manner does not exist.

Comments or questions (8,192 characters max):	Please do not allow the obviously disastrous event to occur at Avila Beach on Labor Day weekend. Avila is the last of the coastal communities that is not overrun by insanity. It is a unique area that is frequented by a mostly responsible and respectful populace. Please do not risk turning it into an Isla Vista or worse. Thank you for your consideration.
